Serving the needs of children with autism and related communication disorders in Warwickshire & the West Midlands

20th July 2018

Dear Parents and Carers

Ofsted Visit

Please find attached the copy of the Inspection Report following our Ofsted visit on 22nd to 24th May 2018.

As you will see from the report, the outcome was extremely disappointing for the School, despite the best efforts of all involved.

The first section of the full Report sets what the school needs to do as a matter of urgency. The Report goes on to say that action was started on many of these whilst the Inspectors were within the School. Further remedial action has been ongoing (as you are aware from letters around closure sent by the School Principal). This work has almost been completed, with final work due to take place with the fitting of thermostatic mixing valves at the College site during the first week in August.

The Board of Trustees is fully committed to working with the Senior Leadership Team at the School to build on the work that has already been started around monitoring and reporting. I have been appointed by the Board of Trustees to liaise with the Senior Leadership Team around ongoing work arising out of the Inspection and will write to you periodically to update you of progress made.

If you do have anything you would like to discuss arising out of the Report, please either contact Sarah Gallagher, the School Principal, or email me on jwaltershutton.trustee@ipschool.co.uk

Kind regards

Yours sincerely

Jacqui Walters-Hutton

Chairman, Board of Trustees
