

PHOTOGRAPH & VIDEO CONSENT FORM

Staff are not permitted to access or use personal phones during the day when pupils are in School. Mobile phones have been issued to all Staff who work with pupils and these have been chosen carefully and do not have camera, video or internet facilities.

In exceptional circumstances, staff may take personal phones with them on trips, but only if they have an exemption form signed by a member of the Senior Leadership Team.

The School has a number of dedicated devices (cameras and iPads) which are used purely to capture curriculum activity or a celebration of School life using School iPads and cameras

This includes capturing videos for uploading to Evidence for Learning. Pupil information is then shared through a dedicated secure portal with parents. However, due to the nature of evidence gathering, your child may appear on videos which are shared with other parents (for example in group sessions or in the background).
